*Come on!  
Come out into the night.  
Silently you go.  
Go and see the stars.  
(Come out now; we all go!  
Go and see the stars).*

*Starry night.  
Summer night delight!  
Milky-way so bright.  
Come with me.  
Come and see the stars,  
Come and see the sun rise!*

*Breeze! Breeze!  
Sweet evening breeze.  
Ever sounding sea:  
Echoes of the dawn of time.*

*Breathe! Breathe!  
From skies above,  
Everlasting love:  
Lucy is a friend of mine!*

*Marching in the rain.  
Rolling in the rye.  
Her against the grain.  
Look into her eyes.  
Lucy in the sky!*

*From the dark and windy hills,  
There she comes.  
Maidens riding five white horses,  
There she goes!  
Riding out the storm.  
Lucy in control.  
Yah!*

*\*Lyrics inspired by The Beatles and  
haikus from Issa, Kyokushi, Gonsui and others.  
Thanks!*
